

**DEAN OF RESEARCH AND GRADUATE STUDIES
SELECTION PROCESS FOR ADMISSION TO THE GRADUATE PROGRAM IN
ENGINEERING AND MATERIALS SCIENCE – DOCTORATE**

Public Notice 06/2026

1. Opening

The Pro-Rector of Research and Graduate Studies of the University of Caxias do Sul makes public the conditions governing the Selection Process for admission to the Graduate Program in Materials Engineering and Science (PPGMAT) – Doctorate, to be carried out at Cidade Universitária, Caxias do Sul, for admission in the **first semester of 2027**.

2. Registration

2.1 Dates and place

Registration will be carried out using an online form available on the Program's selection process webpage, from **September 15th to 19th October, 2026**.

The registration's approval will be announced on **October 23th, 2026** at <https://www.ucs.br/ppgmat>

2.2 Registration fee

The registration fee for the Selection Process is R\$ 200.00 (two hundred Reais).

Candidates who are UCS graduates will have a 30% discount on the registration fee.

2.3 Documents

The documents required to register are as follows:

- Duly completed online registration application;
- Copy of ID, CPF or National Driving License or Passport;
- Copy of Birth, Marriage or Divorce Certificate (waived for foreigners);
- Front and back copy of the Undergraduate diploma (waived for UCS graduates);
- Copy of undergraduate academic record (waived for UCS graduates);
- Front and back copy of the Master's degree obtained from a course recognized by CAPES, or a

declaration from the Institution that the candidate met all the requirements to obtain the degree (waived for UCS graduates);

- Front and back copy of the Master's academic record (exempt for UCS graduates);
- Front and back copy of the Specialization course certificate (if any), accompanied by the respective academic record;

-

Note: The diploma and transcript of undergraduate and master's degrees, whose country of origin is a signatory to the Hague Convention, must be apostilled, in accordance with CNJ Resolution No. 228, of 2016, of the National Council of Justice (available at <https://www.cnj.jus.br/poder-judiciario/relacoes-internacionais/apostila-da-haia/>) and subsequently translated by a sworn translator. Documents originating from non-signatory countries must be authenticated by a competent consular authority and subsequently translated by a sworn translator.

- Lattes/CNPq CV (or free format Curriculum Vitae, for foreigners);
- Research project (maximum 5 A4 pages, Arial font, size 12, 1.5 line spacing and 2.5 cm margins) containing: state of the art and justification, objectives, proposed methodology, expected results, schedule and references consulted, prepared by the candidate, addressing what she/he intends to develop as a research project for her/his thesis, with an option for one of the program's research lines. In the case of projects with more than 5 pages, only the first 5 pages will be considered for evaluation purposes.

2.4 Posting of documents

The documentation required to participate in the selection process must be posted by uploading it when filling out the online form. Applications with incomplete documentation will not be accepted.

3. Positions

Twelve (12) positions are offered.

4. Cancellation of course offering

The University reserves the right not to carry out the selection process referred to in this document, if the number of applicants is considered insufficient to carry out the course. Any suspension of the Selection Process will be communicated in advance, in which case registered candidates will be guaranteed a refund of the registration fee.

5. Selection

The selection process for admission to the PPGMAT, conducted by a committee made up of teachers appointed by the Program Board for this purpose, will comprise two stages: Written Test and Assessment of Academic Performance.

5.1 Written test

The written test will be carried out in an online format, in synchronous mode, on **October 29th, 2026**, starting at 6 pm and ending at 8:20 pm (Brazilian time), and will be eliminatory for the next stage of the selection process. The written test will consist of 10 questions and will be carried out about structure, processing and properties of materials. Each question is worth 1.0 point. The candidate must have at least 50% correct answers to pass. The grade obtained will be made available individually by email to each candidate. Maximum weight 4.0 points.

5.1.1 Basic bibliography for the written test

CALLISTER JR., W. D.; RETHWISCH, D. G. *Ciência e Engenharia de Materiais*. 10ed. Rio de Janeiro: LTC, 2020.

(online version available at <https://ucsvirtual.ucs.br/?next=/minhabiblioteca/>)

5.2 Assessment of Academic Performance (Maximum weight 6.0 points)

It will be held on **November 03th, 2026** (in alphabetical order starting at 1:30 pm Brazilian time) and will have a classificatory nature as follows: - Candidate's Pdisc considering the papers published, from **2022** until the moment of registration, in international or national journals, classified in the most recent Qualis containing the journal: maximum weight 2.0 points. The Pdisc value will be normalized by the highest value presented by the candidates. Candidates who do not have an article published and/or classified in recent Qualis do not score in this regard.

$$Pdisc = [NA1 + 0.9*NA2 + 0.7*NA3 + 0.6*NA4 + 0.4*NB1 + 0.3*NB2 + 0.2*NB3 + 0.1*NB4 + NPL + 0.7*NPC + 0.4*NPD]$$

where Nx corresponds to the number of publications by the student, stratified by the most recent Qualis where the journal appears and the number of patents (PL = licensed patent, PC = granted patent and PD = filed patent).

- Master's degree completion time: maximum weight of 1.5 points, equal to or less than 24 months (1.5 points) and between 25 - 30 months (0.3 points). Candidates who are completing their master's degree will be able to score in this regard, if the defense committee is approved by the program's board, the date is defined, and the dissertation document is delivered to the committee members. The score in this item is subject to receiving an opinion from an external member to the institution, certifying that the dissertation document is suitable for defense and approval.

- Percentage of mandatory credits in subjects taken in the Master's degree with maximum grade (maximum grade 4 or A or average greater than or equal to 9.0): maximum weight of 1.0 point, being greater than or equal to 85% (1.0 point), between 85-57% (0.5 points) and less than or equal to 56% (0.25 points). Candidates who do not have mandatory credit with maximum grade do not score in this regard. Candidates who opt for direct admission to the doctorate score in this regard,

considering the average grade obtained in the undergraduate course – Maximum weight of 1.0 point, being between 9-10 (1.0 point); between 8-8.9 (0.5 points) and between 7-6.9 (0.25 points).

- Defense of the candidate's intellectual production and the research project to be carried out in the doctorate: Maximum weight 1.5 points, with excellent (1.5 points), very good (1.2 points), good (0.9 points), regular (0.6 points) and poor (0.0 points). The candidate will have 15 minutes to make their presentation to the commission, in face-to-face digital format using the link to be sent to candidates approved in the 1st Stage.

6. Preliminary results and selection of those approved

The selection of those approved will be made in order of classification, considering the total score obtained in the evaluation stages. If there are withdrawals, subsequent approved candidates will be called, in order of classification, until the number of vacancies is filled.

In the event of a tie in the result, the tiebreaker criterion will be the grade of the written test (1st stage) and the questions listed in the 2nd stage in the order explained above.

7. Publication of preliminary results

The names of preliminarily selected candidates will be announced on **November 04th, 2026**.

8. Appeal

All candidates will have the possibility of filing an appeal against the decision made by the selection committee, which must be assessed and judged by a higher court than the one that made the questioned decision.

To lodge the appeal, the candidate must present a document, written by him/herself, explaining the reasons for the request.

The appeal must be sent by email (pgmat@ucs.br) from **November 05th and 06th, 2026**. The response to the appeal will be made by **November 10th, 2026**.

9. Disclosure of the result

The names of selected candidates will be announced on **November 10th, 2026**.

10. Enrollment

Enrollments will take place from **November 11th, 12th and 13th, 2026**, in accordance with guidelines to be published with the results of the selection process.

11. Special cases

The candidate with a disability who requires special assistance to participate in the selection must, by **October 20th, 2026**, formalize a specific request to the Selection Committee, as well as present a report issued by a specialist, explaining the nature, type and degree disability and the

recommended conditions to enable the candidate's participation in the selection process, to the email (pgmat@ucs.br). The Selection Committee will officially inform by **October 23th, 2026**, the total, partial or impossibility of meeting the recommended conditions.

12. Timeline

Date	Stage	Place
15/09/2026 at 19/10/2026	<i>Online registration</i>	<i>Online form filling</i>
until 19/10/2026	Special cases – formalization of the request	<i>E-mail</i> pgmat@ucs.br
23/10/2026	Special cases – result from the Selection Committee	Candidate's e-mail
23/10/2026	Approval of registrations	https://www.ucs.br/ppgmat
29/10/2026	1 st Stage - written test	Link to be sent to candidates with approved registration
30/10/2026	Result from 1 st stage	https://www.ucs.br/ppgmat
03/11/2026	Assessment of academic performance	
04/11/2026	Announcement of the preliminary result	https://www.ucs.br/ppgmat
05 and 06/11/2026	Appeal request	<i>E-mail</i> pgmat@ucs.br
10/11/2026	Appeal result	Candidate's e-mail
10/11/2026	Disclosure of the result	https://www.ucs.br/ppgmat
11, 12 and 13/11/2026	Enrollment	<i>E-mail</i> pgmat@ucs.br

13. Validity of the selection process

The selection process, object of this document, is only valid for admission in the **first semester of 2027** to the Graduate Program in Engineering and Materials Science for the Doctorate Course.

14. Final dispositions

Successful candidates who were not selected in this selection process may request enrollment as a non-regular student to study isolated subjects, in accordance with the PPGMAT Regulations.

15. Omitted cases

Omitted cases will be evaluated by the Selection Committee, after hearing, if deemed necessary, the relevant academic bodies.

Caxias do Sul, 15 de September de 2026.

Prof. Dr. André Felipe Streck
Pro-Rector of Research and Graduate Studies
